

What People Are Saying About Weborizon.com

Below is a partial list of testimonials from some of the wonderful people I have the great opportunity to know and serve.

OLIVER BUILDING SOLUTIONS

We used Jeffrey Johnson with Weborizon to improve our website's ranking with the search engines. We went from totally off the Google radar to number one placement in about two months. Jeffrey's work was noticeably effective. We would recommend Jeffrey to anyone who needs to improve their website placement.

WINGATE DOWNS PHOTOGRAPHY

What I respect about you (and why this web site is exactly what I needed) is that you are a rare combination of technological AND visual talent. I'm not trying to flatter you (hey, the bill is already paid!), just trying to reinforce that what you do is great, and how you do it is appreciated just as much! If I can ever give a recommendation, let me know- I've already sent one big client to you, and plan on sending many more as I go about my commercial and wedding photography business!

Sincerely,

Wingate Downs

DOVE MULTIMEDIA

The World Wide Web is no small place for your business to get lost. You know who your target audience is, and you know what your goals are; but how can your site play its role? Jeff Johnson and his team at Weborizon never cease to amaze me with practical and productive services that embellish all angles of web support. Be confident in your site's ability, ask Weborizon how they can help.

ADMARK STRATEGIES

Weborizon understands the marketing needs of a variety of businesses and delivers a professionally produced product on time and on budget. They are the BEST web design and internet marketing firm I have worked with and I rely on their expertise with my client's web branding and customer service.

AdMark Strategies*

KIDS FIRST FAMILY FELLOWSHIP

Weborizon and Jeffrey Johnson have provided top-notch, professional internet and web-building services for my website. Jeffrey was able to take my ideas and create a website that fit my goals perfectly. He gave way more than I expected to this project, and even now under the matienance contract he always goes the extra mile. I highly reccomend the services of Weborizon and Jeffrey Johnson.

LIGHT SOURCES PHOTOGRAPHY

We have found Jeffrey and his Weborizon staff to be knowledgeable, professional and perhaps most important for small businesses such as ourselves, technically versatile and very cost effective. Weborizon has the expertise and flexibility we need to maintain a unique market presence.

THE GO FOUNDATION

We've been a customer of Weborizon for years and have always been impressed with anything and everything they have been able to offer us. Because we are a non-profit, we have always sought to be a good steward of our organization's funds, and with Weborizion, the price has always been right. And...just because their pricing is great doesn't mean their customer service is lacking. In fact, we've always found their customer service to be tops as well! Doing business with Weborizon is an easy decision for us and I fully expect for us to be a loyal customer for years and years to come.

THE ORCHARDS GOURMET

"Jeffery Johnson and Weborizon took my vision for my business' website and made it reality! Jeffery is very easy to work with and concerned with creating a site that works for you. You won't find an easier person to work with. He is very patient and willing to go the extra step to explain the entire process, especially to one who knows very little."
